REMARKS

The present Amendment is being filed in response to the lengthy Examiner's Amendment that accompanied the Notice of Allowance for the present application, in order to correct typographical errors and ensure that the record of the Examiner Interview and the Examiner's Amendment is complete.

In particular, in the Examiner-Initiated Interview Summary Form PTOL-413B that accompanied the Notice of Allowance, neither box in Part III was checked to indicate whether a separate record of the substance of the interview was required. Accordingly, to ensure that the record is complete, Applicants wish to note that the Examiner's discussion of the substance of the interview on the "Continuation Sheet (PTOL-413B)" of the Examiner-Initiated Interview Summary accurately represents the substance of the Examiner-initiated interview.

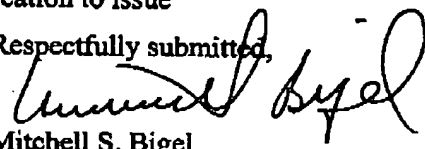

As to the Examiner's Amendment, Pages 4, 6 and 10 of the specification have been amended "to remove pencil marks", as noted in the continuation sheet of the Examiner-Initiated Interview Summary form. Applicants wish to note for the record that no changes (substantive or typographical) have been made to these passages.

In the present Amendment After Allowance, Claim 1 has been amended to add the word "and" between the second to last and last "wherein" clauses. Claim 21 has been amended to substitute the word "the" for "said", for consistency with the remaining terminology in Claim 21. Finally, Claim 24 has been amended at line 1 to properly depend from Claim 21. In particular, the Examiner's Amendment included a typographical error at Page 7 that stated "Claim 21, line 1, '23' has been changed to - 21--." These amendments correct minor errors in the claims and do not substantively change the scope of the claims.
